

Jane Sinclair

President
Retirement Planning Services, Inc.

Jane Sinclair is the VP of Business Development at Retirement Planning Services, Inc., (RPS) where she has been an instrumental team member since joining the firm in 2005. Previously working with SinclairProsser Law, LLC for over 10 years, Jane worked hard to help preserve her clients' estates through the law firm's conservation strategies.

When coming on board with RPS Jane's decade of experience with SinclairProsser Law dovetailed perfectly with RPS' retirement and income planning philosophies. Jane is a strong advocate of timely planning with a diversified portfolio to protect clients through the ebbs and flows of life's cycles, whether it is family, health, job, or economically related. "It is a great experience and truly rewarding to hear the appreciation and thankfulness from our clients. We work hard to protect their life savings and create streams of income to provide safety and peace of mind during retirement," comments Jane. RPS stresses a conservative and disciplined approach in retirement planning and asset protection. Jane directly assists in reviewing existing and new client portfolios to increase safety, provide liquidity and income while ensuring that the financial plan and estate plan synchronize accordingly.

Jane has helped work with hundreds of RPS' clients in the Anne Arundel County and surrounding areas. She is a proud member of the community, living in Davidsonville and supporting local causes. Outside of work, Jane enjoys working out at her gym, teaching yoga and spending time with her daughters, Tara, who is recently married and Katie, who is a recent graduate of Virginia Tech.
