## METHODOLOGY:

The annual Registered Rep. Top 100 IBD financial advisor list was spearheaded this year by Discovery, an online database of financial service intermediaries published by the Financial Information Group of Shrewsbury, N.J. Discovery has created a proprietary methodology for ranking FINRA

registered representatives. In this list, the advisors were ranked by assets under management using the Discovery-RR database system. Discovery maintains data on the registered rep universe then validates the ranking via direct survey. Some advisors from past years are not on this year's list.
